1. The following changes shall be made to the specifications and plans.

**TO BIDDERS**

NO FURTHER QUESTIONS FOR THIS SOLICITATION SHALL BE ACCEPTED BY THE GOVERNMENT AFTER 2:00 pm. AUGUST 19, 2005, OFFERERS MUST BID THE PROJECT AS THEY SEE IT, UNLESS MAJOR TECHNICAL DEFICIENCIES ARE FOUND.

**1) SPECIFICATIONS:**

2-POC for the USCG was provided in the Specs.

LT Commander Ernie Morton  
Coast Guard Activities New York  
212 Coast Guard Drive  
Staten Island, New York 10305  
Telephone: 718-354-4012  
718-354-4088

**Questions and Answers - For Informational purposes only.**

The New York District has received questions about the contract.

1Q-Drawing C-407, Section c'-c lists 15 possible pipes for removal; Table I lists pipeline bundle of 12 lines. Please clarify if there are 12 or 15 lines to remove.

*A: The notes in Section c'-c on Drawing C-407 should be changed to be consistent with Table I. It is assumed that there is debris from twelve (12) pipelines in Utility Debris Location Plan C.*

2Q-All three-removal location's identify some or all of the lines as 'cut/open' with presence of product s 'unlikely'. Specification. Section 02367.3.3.3.1 page 7 states 'purge existing product ... using pigs; whereas these lines are cut/open will the contractor be required to pig lines that are identified as cut/open?

*A: If the Contractor verifies that pipelines are devoid of product, then purging will not be required.*

3Q-Amendment #2 DEC Permit Pipeline Removal Special Condition #12 All material that is sidecast for the purposes of pipeline removal must be removed within sixty (60) days of sidecasting, or by 31 December 2005. Specification Section 02326-3.3.1.1 last sentence 'Restoration shall include return of excavated material to its place of origin.

Please confirm that 'removed' in the DEC permit means returned of excavation to its place of origin and not removed from the work site to a dredge disposal site.

A: While the permit does mean removal from the site, this will be the Corps' responsibility and carried out as part of a separate contract.

4Q-In the event of a discharge of petroleum products from any or all of the pipelines, 'who is responsible for the cost of the clean up? We understand that insurance will be in place for a catastrophic discharge, but who would be responsible for the deductible if the contractor is asked this insurance?

A: The Contractor.

5Q-As relates to the pipeline if oil/petroleum is found in any or all of the pipelines, will this be considered a changed condition?

A: *the Bidders assume that each of the pipelines labeled as "intact" (there is one in Area A and one in Area B) may contain product. For the purposes of the bid assume that other pipelines do not contain product, subject to Contractor's verification as described above in our response to Q2. The Contractor should ensure that the means are in place to remove and handle the product are in place until it is determined that it is no longer necessary.*

6Q-If the bidder has submitted reps and certs data to the ORCA System, does the bidder still need to complete section 00600 of the bid pack-age?

A: Yes

#### SECTION 00010 - SOLICITATION CONTRACT FORM

The required response date/time has changed from 19-Aug-2005 02:00 PM to 26-Aug-2005 02:00 PM.
